Why manage claims?

2 Reasons:

1. **Good business.** It helps reduce operational costs, downtime, and in today's market, help you **retain your staff** and keep them fit and healthy.
2. **ACC penalties and discounts.** Every claim with days off by workers on ACC comp will result in a **penalty...** up to **100%** of your levels. On the flip side, you can also have up to 50% discount.
